Premium, Excess, Discount and Options Guide (PED)

Current as at 14 January 2025

# Important qualification

The information in this document is current as at 14 January 2025. Any dollar amounts or percentages listed in this document may be varied by us at any time and where this is the case you will be advised of the variation at the time of your application or renewal.

This document is for general information purposes only and does not set out, or form part of, the terms and conditions of the policy. For the standard terms, conditions, limits and exclusions please consider the Landlord Insurance Product Disclosure Statement (PDS) which you should consider before entering into a policy. Please contact us if you would like a copy of the PDS. To the extent of any inconsistency between this document and the policy (including the PDS), the terms of the policy prevail.

## Premium, Excess, Discount and Options Guide

This Premium, Excess, Discount and Options Guide (PED) aims to provide you with more information about:

- how Allianz calculates premiums;
- the Allianz No Claim Bonus;
- what discounts can be applied to your premium and how this is done;
- when excesses need to be paid; and
- the optional covers available for purchase under our Landlord Insurance policy.

The PED guide is relevant for any Landlord insurance policy that commenced as new business on or after 14 January 2025, or renewed on or after 14 January 2025.

# About the premium we charge you

Generally the premium we charge you will be calculated based on our view of the likelihood of a claim being made on the policy during the period of insurance but may include other factors such as the cost to us of doing business and other commercial considerations. When we work out the premium we charge you we look at a number of factors that have over time been shown to be a good determinate of the likelihood of a claim being made.

Over time we may change the relative importance of any of the factors and/or how they combine to affect the premium we charge you. See "Important factors" section on page 4 of this guide for more details.

The total amount we charge you will also include amounts that take into account our responsibility for stamp duty, GST, and any other government charges and emergency/fire services levies (FSL) in relation to your policy. To the extent permitted by law, if we have estimated an amount in relation to our responsibility for a tax, charge or levy we do not adjust the total amount payable if we have over or under estimated these charges.

Certain excesses you choose can also impact on your premium. Where you have a choice of excess, there is generally a relationship between the cost of your insurance and your excess. If you increase your excess, your premiums could decrease, and vice versa. We will only pay a claim if the claim amount is more than the excess(es) that apply. See "Our excesses" section on page 8 of this guide for more details.

Generally, all discounts will be applied to the premium excluding any government taxes, charges and levies. See "Our discounts" section on page 7 of this guide for more detail.

The premium we charge you will take into account any No Claim Bonus rating that you may be assigned. See our "No Claim Bonus" section on page 5 of this guide for more detail.

Minimum premiums and premium rounding can affect any discount entitlement. See "minimum premiums and premium rounding" section on page 6 of this guide for more detail.

## Renewals

If you renew the policy you need to be aware that the premium we charge you is likely to change, even if there has been no change in the circumstances which were applicable to the policy when you first took it out or subsequently renewed it. This is because other factors may affect the premium, including:

- the cost of claims we have paid and that we expect to pay in the future;
- new data we have collected on the various factors we use to determine your premium;
- our expenses of doing business; and
- any other commercial considerations.

When calculating the premium that we charge you on renewal we also consider what your premium was previously, and we may limit movements up or down.

# Important factors

The important factors affecting the premium we charge you will include all or some of the following, depending on your circumstances and the type of cover you choose. These factors do not include any discounts that may be available to you (see page 7).

Factor	Landlord Contents Cover	Landlord Buildings Cover
The address of your buildings	✓	✓
The amount your buildings and / or contents are insured for	✓	✓
The type of property you are insuring – for example, House on Slabs/ Foundation or Villa/Townhouse	✓	✓
The construction material of the external walls of the property	✓	✓
The age of the buildings	✓	✓
If your buildings are managed by a licenced property management agent	✓	✓
If your buildings are located on a site exceeding 20,000 square metres	✗	✓
The excesses we apply or that are chosen by you	✓	✓
Any optional covers you have chosen to purchase – for example, Rent Default and Theft by Tenant, see page 9.	✓	✓
Claims made against this policy	✓	✓

# No Claim Bonus

We give you a No Claim Bonus (NCB) rating to reward you for having a good claims history. A NCB rating only applies to your Buildings and Contents base premium (excluding any government taxes, charges or levies that may apply).

When the following optional covers are purchased:

- Landlord workers' compensation (if available)

a No Claim Bonus will **not** be applied to these optional covers. It is also not applied to the premium charged for Flood (if applicable). See pages 9 and 10 for more details on our optional covers.

## What NCB Rating will I receive on new business?

When you take out a new policy, we calculate your NCB based on your landlord insurance claims history. To qualify for the maximum NCB of up to 30%, you must have had no Landlord insurance claims in the preceding 3 years. Your policy schedule will show what NCB (if any) has been applied to your policy.

The following table shows the Allianz NCB structure when you take out a new policy.

No. of claims past 3 years	NCB
0	30%
1	20%
2	10%
3 +	0%

Your base premium, excluding any premium charged for Landlord workers' compensation and any component charged for Flood (if applicable), is discounted by up to this percentage but only to the extent any minimum premium is not reached. See the Minimum premiums and premium rounding section below.

# What NCB Rating will I receive at renewal?

Each year at renewal the NCB for your policy is recalculated. After each subsequent claim free period of insurance, the NCB applied to your renewal premium will be increased by one level (i.e. 10%) until a maximum NCB of 30% is reached.

However, for every claim you make in a period of insurance, the NCB applied to your renewal premium will be decreased by 10% - to a minimum NCB of 0%.

We reserve the right to change the NCB rating structure or to withdraw it. Any change will take effect from your next renewal date unless we tell you otherwise.

## Instalment premiums

If you choose to pay your premium by monthly instalments you do not pay us any more than if you pay your premium in one lump sum annually. The premiums payable by instalments may be subject to minor adjustments (updates or downwards) due to rounding. We'll let you know the total amount payable when you apply for cover – and we'll confirm this in your policy schedule.

*Note: Your financial institution may apply transaction fees to instalment payments.*

## Minimum premiums and premium rounding

Minimum premiums may apply.

Where discounts are applied, your premium is subject to rounding. If more than one discount applies, they're applied in a predetermined order, so the later discounts apply to the amount already reduced by the earlier discounts instead of the total amount. Discounts do not apply to government taxes and charges.

Most discounts won't apply below the minimum amount payable for the policy. For example if you are eligible for two 10% discounts and your base premium is \$500 the discounts will be applied as follows:

Base premium	\$500
Discount 1 – 10%	\$50
Reduced Premium	\$450
Discount 2 – 10%	\$45
Discounted Base premium	\$405

# Our discounts

We may offer the following discounts that you may be entitled to:

- Internet new business discount;
- Other discounts as marketed by us from time to time.

We apply discounts prior to adding GST, government charges and levies.

## Internet new business discount

In the event that you take out a new Landlord Insurance policy for the first time and use an approved internet site to do so, we may allow up to a 10% discount on the premium that would normally be charged if you had called the call centre or taken out a policy through a branch in order to take out the same new business policy.

The reason for this discount is because our costs are reduced as a result of you completing all the necessary work to lodge and pay for the policy using the internet.

Typically, the online discount is not applied when you renew the policy.

# Our excesses

## Excesses payable

There are different types of excesses which may apply to you at the time of a claim. These excess types are shown on the policy schedule under the section titled 'Cover'. You may have to pay more than one excess in the event of a claim.

## Your excess

Unless we state otherwise in the PDS, you will need to pay the applicable excess (es) as a contribution to your claim.

So for example, if you have an excess of \$1,000 and make a claim for \$3,000, we'll pay the balance of \$2,000. We will only pay the claim if the claim amount is more than the excess (es) that apply. If we settle your claim by making a cash payment to you, we will deduct the excess from the amount we pay to you. In other circumstances, you may need to pay the excess as a contribution to the repair or replacement.

When you apply for cover, you will be asked to choose an excess amount from the available options. This can be made up of a basic excess, and a voluntary excess. Generally, the higher your excess amount, the lower your premium will be. In some cases we may impose an additional compulsory excess which reflects our risk and underwriting criteria, you cannot vary or remove this excess.

The excess (es) you need to pay for each cover type is shown on your policy schedule, or referred to in this PDS.

You are only required to pay one excess in respect of any single claim:

- arising out of the same insured incident, or
- which involves loss or damage to both buildings and contents arising out of the same insured event.

## Earthquake and Tsunami excess

An additional imposed excess amount of \$250 applies for each claim or loss or damage caused by an earthquake or tsunami, or a series of earthquake or tsunamis, during any period of 48 consecutive hours.

# Policy options that may be purchased

The following optional covers may only be purchased with a Landlord Insurance policy:

- Landlord workers' compensation
- Rent Default and Theft by Tenant

The 'Optional cover' section of your policy schedule will show if you have any optional covers.

*Note: There are conditions and exclusions that apply to all of our optional covers, please read the PDS for further details.*

## Landlord workers' compensation

This option is available for purchase for both Buildings and / or Contents cover. It is only available for purchase in ACT, WA and TAS.

This option provides cover for any compensation amount you are liable to pay if a domestic worker you employ (such as cleaner or gardener) is injured while working for you at the insured address.

We do not pay for workers who are working for you in your own business, trade or profession.

## Rent Default and Theft by Tenant

This option is available for purchase for both Buildings and/or Contents cover.

This option provides cover for loss of rent if a tenant defaults on the payable rent under certain circumstances. In addition, you may be covered for specified cleaning and legal costs.

This cover will operate on the basis that there is a written rental agreement in place and you (or your managing agent) have collected bond monies, equivalent to at least 4 weeks rent, at the time the rental agreement is entered into. If you are entitled to use bond monies to settle or reduce any loss or damage you must do so.

# Flood and/or run-off cover

Included as standard insured event, but optional if you don't have flood cover under your renewing policy and you meet specific eligibility criteria relating to the risk of flood at your property. We must also agree that you can opt out in certain limited circumstances.

Where included, Flood and/or run-off covers loss or damage caused by flood\*, run off or flood water\*, combined with run-off and/or rainwater. In addition we will also cover loss or damage caused by or arising from:

- soil movement, including erosion
- landslide
- mudslide, or
- subsidence

if it is caused directly by and occurs within 72 hours of a flood including where the flood water is combined with run-off and/or rainwater.

The cost of flood insurance is based on the level of risk. Government charges and levies apply to the flood insurance premium. This includes GST and Stamp Duty.

*\*Note: A 72 hour exclusion period applies to Flood and/or run-off cover.*

*During the exclusion period, we do not provide cover (where the type of cover you have under the policy provides it) for any loss of or damage to your property caused by flood or flood water combined with run-off and/or rainwater during the first 72 hours after you first take out or increase the cover under the policy. Refer to PDS for when exclusion periods apply.*
